

LME UM PROPOSAL EVALUATION CRITERIA

The State shall conduct a comprehensive, fair, and impartial evaluation of the proposals received in response to this request. An Evaluation Committee shall be established to make the selection. The State reserves the right to alter the composition of the committee or to designate other staff to assist in the process. Other designated staff may act as observers during the evaluation and selection process.

The Evaluation Committee will review and evaluate all proposals submitted by the deadline specified. This committee will be responsible for the entire evaluation process, include the on-site review.

Proposals will be evaluated according to completeness, content, ability of the LME and staff to meet requirements, financial solubility, and cost effective. Selection of an LME does not mean that the other proposals lacked merit, but that, all factors considered, the selected proposals were determined to best meet the legislative guidelines found at NCGA session law 2008-107, House Bill 2436 Section 10.15(x).
